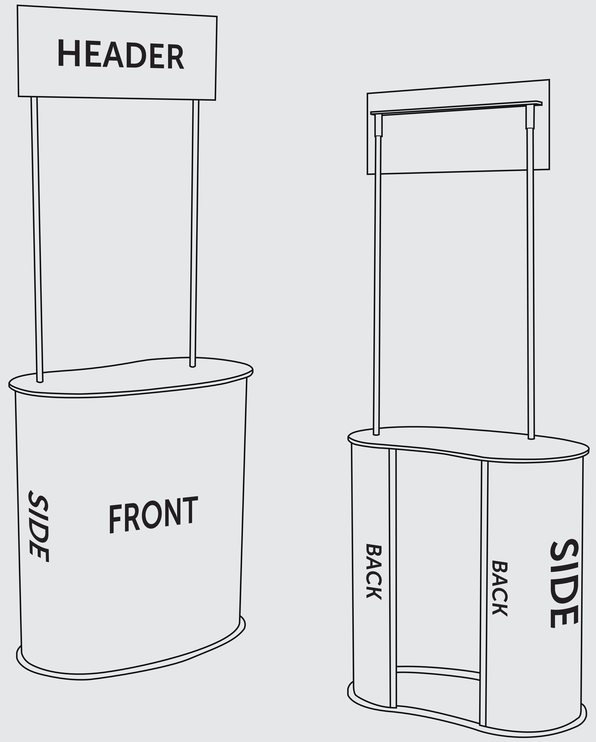
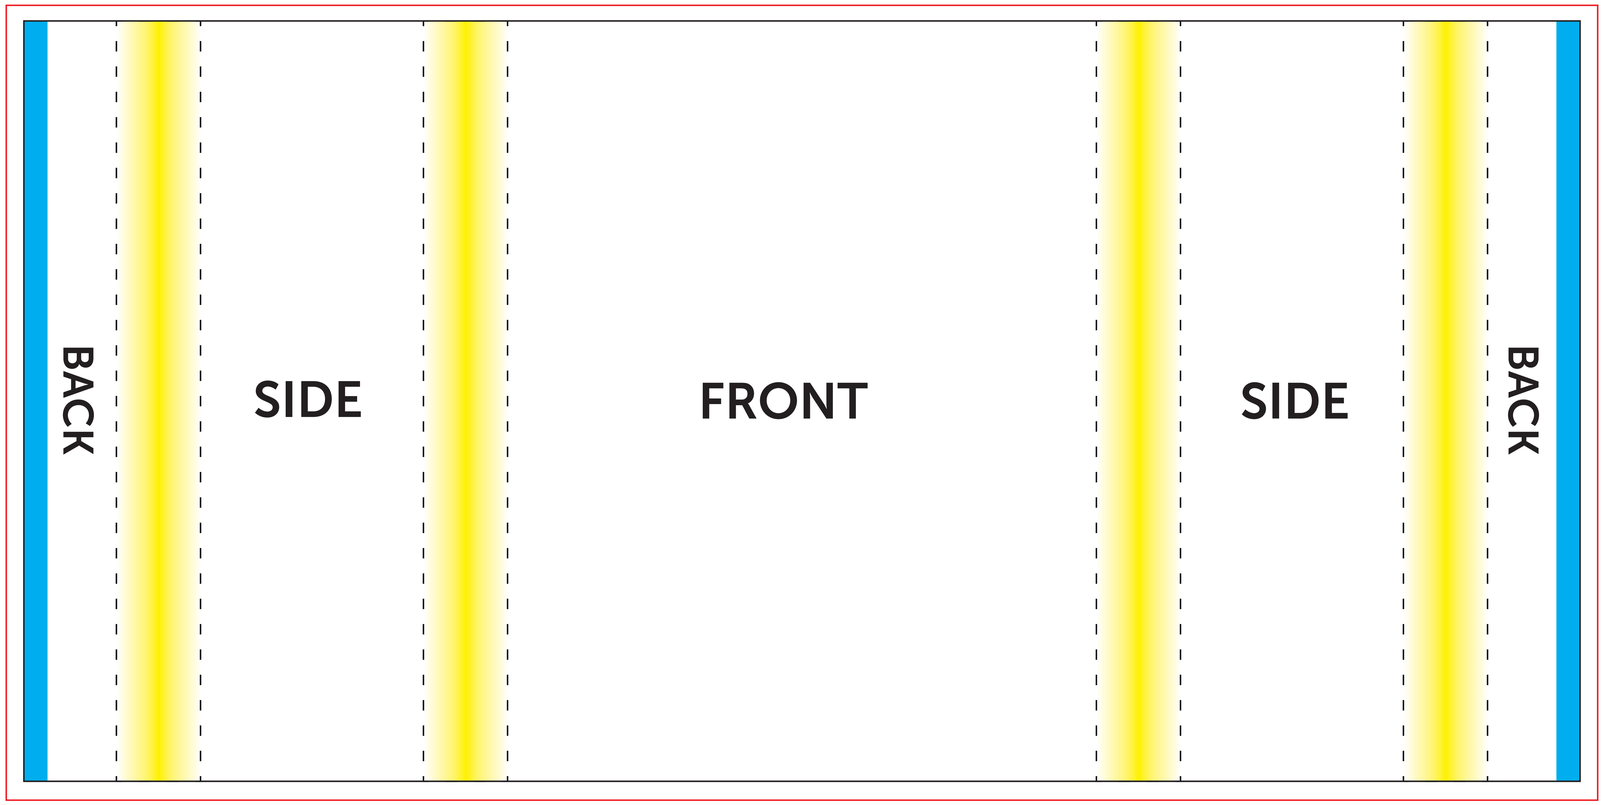
PRINT TEMPLATE FOR
PROMOTIONAL COUNTER PROM03

THIS TEMPLATE IS ACTUAL SIZE





PLEASE ENSURE:

- CMYK colour profile is used
- All images are 300dpi or vectors for best results
- Artwork is saved as a PDF or EPS
- All text/font is converted to outlines
- Linked images are embedded into document

FINISHED SIZE
These are the finished sizes of the promotional stand components.

HEADER BLEED AREA
Please bleed non-essential imagery to edges of this area while ensuring any vital text or imagery within the finished size area.

CURVE AREAS
These areas are where the unit curves. We recommend to keep vital text and imagery away from these areas for readability due to warping. We recommend non-essential artwork is printed in these areas.

END CAP AREAS
Keep vital text away from these areas, while bleeding non-essential artwork to the edge anything within this area will be obscured by the end caps when constructed.
