PRINT TEMPLATE FOR PROMOTIONAL COUNTER PROMO3

THIS TEMPLATE IS ACTUAL SIZE

PLEASE ENSURE:

- CMYK colour profile is used
- All images are 300dpi or vectors for best results
- Artwork is saved as a PDF or EPS
- All text/font is converted to outlines
- Linked images are embedded into document

FINISHED SIZE

These are the finished sizes of the promotional stand components.

HEADER BLEED AREA

Please bleed non-essential imagery to edges of this area while ensuring any vital text or imagery within the finished size area.

CURVE AREAS

These areas are where the unit curves. We recommend to keep vital text and imagery away from these areas for readability due to warping. We recommend non-essential artwork is printed in these areas.
